UotFT: Looking Ahead

- **The world has changed significantly in the five years since the UotFT program was developed.**
- **Issues such as environmental justice, water as a human right, affordability, water resource recovery plants as community anchor institutions, and not to mention, a global pandemic... have changed the way we think and do business and so have UotFTs.**
- **Look for changes in 2022 as we reflect on these issues in the UotFT recognition program.**

Congratulations to all 2021 Honorees!
